

PROPOSALS OF ASPO'S BOARD OF DIRECTORS TO THE ANNUAL SHAREHOLDERS' MEETING

Resolution on the use of the profit shown on the balance sheet and the payment of dividend

The Board of Directors proposes that EUR 0.35 per share is distributed in dividends for the 2020 financial year and that no dividend is paid for treasury shares held by Aspo Plc. On December 31, 2020, the parent company's distributable funds totalled EUR 44,628,058.04, of which the profit for the financial year amounted to EUR 7,216,598.18. There are a total of 31,258,129 shares entitling to dividends on the date of this invitation. The Board of Directors proposes that the Annual Shareholders' Meeting would decide on the dividend payment as follows:

The dividend will be paid in two instalments. The first instalment of EUR 0.18 per share will be paid to shareholders who are registered in the shareholders' register maintained by Euroclear Finland Oy on the record date of April 12, 2021. The Board of Directors proposes that the dividend be paid on April 19, 2021.

The second instalment of EUR 0.17 per share will be paid in November 2021 to shareholders who are registered in the shareholders' register maintained by Euroclear Finland Oy on the record date. At its meeting to be held on October 27, 2021, the Board of Directors will decide on the record and payment dates of the second instalment, in accordance with the rules of the Finnish book-entry securities system. According to the current system, the dividend record date would be October 29, 2021 and the payment date would be November 5, 2021.

Before the Board of Directors implements the resolution of the Annual Shareholders' Meeting, the Board of Directors must, in accordance with the Finnish Companies Act, assess whether the company's solvency and/or financial position has changed after the resolution of the Annual Shareholders' Meeting so that the requirements for dividend distribution in the Finnish Companies Act are no longer fulfilled. It is a prerequisite for the implementation of the resolution of the Annual Shareholders' Meeting that the requirements in the Finnish Companies Act are fulfilled.

Authorization of the Board of Directors to decide on the acquisition of treasury shares

The Board of Directors proposes that the Annual Shareholders' Meeting authorize the Board of Directors to decide on the acquisition of no more than 500,000 of the treasury shares using the unrestricted equity of the company representing about 1.6% of all the shares in the company. The authorization includes the right to accept treasury shares as a pledge.

The shares shall be acquired through public trading, for which reason the shares are acquired otherwise than in proportion to the share ownership of the shareholders and the consideration paid for the shares shall be the market price of the Aspo's share in public trading at Nasdaq Helsinki Ltd at the time of the acquisition. Shares may also be acquired outside public trading for a price which at most corresponds to the market price in public trading at the time of the acquisition. In connection with the acquisition of the treasury shares, derivative, share lending, or other agreements that are normal within the framework of capital markets may take place in accordance with legislative and regulatory requirements.

The authorization includes the Board's right to resolve on a directed repurchase or the acceptance of shares as a pledge, if there is a compelling financial reason for the company to do so as provided for in Chapter 15, section 6 of the Finnish Companies Act. The shares shall be acquired to be used for the financing or execution of corporate acquisitions or other transactions, for execution of the company's share-ownership programs or for other purposes determined by the Board.

The decision to acquire or redeem treasury shares or to accept them as pledge shall not be made so that the shares of the company in the possession of, or held as pledges by, the company and its subsidiaries would exceed 10% of all shares. The authorization is proposed to be valid until the Annual Shareholders' Meeting in 2022 but not more than 18 months from the approval at the Shareholders' Meeting.

The Board of Directors shall decide on any other matters related to the acquisition of treasury shares and/or accepting them as a pledge.

Authorization of the Board of Directors to decide on a share issue of treasury shares

The Board of Directors proposes that the Annual Shareholders' Meeting authorize the Board of Directors to decide on a share issue, through one or several installments, to be executed by conveying treasury shares. An aggregate maximum amount of 900,000 shares may be conveyed based on the authorization. The authorization is proposed to be used for the financing or execution of corporate acquisitions or other transactions, for execution of the company's share-ownership program or for other purposes determined by the Board.

The authorization is proposed to include the right of the Board of Directors to decide on all the terms and conditions of the conveyance and thus also includes the right to convey shares otherwise than in proportion to the share ownership of the shareholders, in deviation from the shareholders' pre-emptive right, if a compelling financial reason exists for the company to do so. The authorization is proposed to be valid until the Annual Shareholders' Meeting in 2022 but not more than 18 months from the approval at the Shareholders' Meeting.

Treasury shares may be transferred either against or without payment. Under the Finnish Companies Act, a directed share issue may only be carried out without payment, if there is an especially compelling reason for the same, both for the company and in regard to the interests of all shareholders in the company.

The Board of Directors shall decide on any other matters related to the share issue.

Authorization of the Board of Directors to decide on a share issue of new shares

The Board of Directors proposes that the Annual Shareholders' Meeting authorize the Board of Directors to decide on a share issue for consideration. The authorization is proposed to include the right of the Board of Directors to decide on all of the other terms and conditions of the conveyance and thus also includes the right to decide on a directed share issue, in deviation from the shareholders' pre-emptive right, if a compelling financial reason exists for the company to do so. The total number of new shares to be offered for subscription may not exceed 1,500,000. The authorization is proposed to be valid until the Annual Shareholders' Meeting in 2022 but not more than 18 months from the approval at the Shareholders' Meeting.
